REDALE LANDFILL COMMUNITY LIAISON COMMITTEE

Current members:

Mike Kunzli -----Chairman & Resident Liaison Officer
John McLean ----- AC
Nigel Donovan ----- AC
Bob Gibbs ----- Local Resident
Bill Earwaker -----Local Resident
Kirk Storie ----- Local Resident
Richard Croker----- Local Resident
Rob Leinwand ----- Local Resident
Stephen Walker ----- Local Resident
David Hardy ----- NHTCC
Debbie Marshall ----- DF Primary School
Principal Mark Drury ----- Peer Review
Panel Chris Wills ----- Waste Management
Andy Vosper ----- Waste Management
Rob Bailey ----- Waste Management
Michelle Kennedy ----- Waste Management

The Committee's role is to allow issues and concerns relating to the operation of the landfill to be debated and negotiated. Should you have any questions or concerns regarding Redvale Landfill please contact Andy Vosper on 09 427 0600 or your nearest Liaison Committee member.

Members were elected to the Committee by the community or have been appointed to represent particular interest groups. **Minutes of the meetings are available for perusal at the Waste Management NZ Ltd office.** Any member of the public is able to attend and be heard at these meetings as long as at least two days' notice is given to the Secretary Michelle via email - Redvale@wastemanagement.co.nz

Our next scheduled meeting at the Waste Management Office – 17th October 2016.

DAIRY FLAT COMMUNITY TRUST

Current Trustees:

Greg Taylor	Steven Earwaker
Julie Earwaker	Treve Kunzli
Graeme Stubbing	Susan Whineray
Andy Vosper	Michelle Kennedy

The Dairy Flat Community Trust is a charitable Trust to administer and distribute monies provided for the Community of Dairy Flat by Waste Management NZ Ltd. Please see our Trust website:

www.dairyflatcommunitytrust.co.nz

Trust Funding Applications - 2016

Applications for funding assistance from the Trust opened 29th July and close on 23rd September 2016 @ 5pm.

Applications must be submitted on forms available from the website, www.dairyflatcommunitytrust.co.nz

Should you have any questions concerning the Trust, please contact:

Chairperson - Greg Taylor Ph: 415 6643 or 426 0606
Secretary/Treasurer - Michelle Kennedy Ph: 427 0600

Redvale Landfill

Hi from Waste Management Redvale team.

Rain, rain and more rain, what a wet several weeks it has been and like us I bet you are looking forward to summer. It was pleasing to see our on-site drainage systems and storm water ponds held up during this time which saw almost 60mm of rain fall during Tuesday night and into Wednesday last week. Having completed 4Ha of final capping and restoration and an intensive de-silting program during summer certainly helped.

Additional work on our transmission lines included extra fuses and wider separation arms also meant better resilience during high winds which in turn has lead to less power outages on site.

Operations have been filling the new cell floor and now progressing up the side wall including the installation of new gas extraction wells in this area.

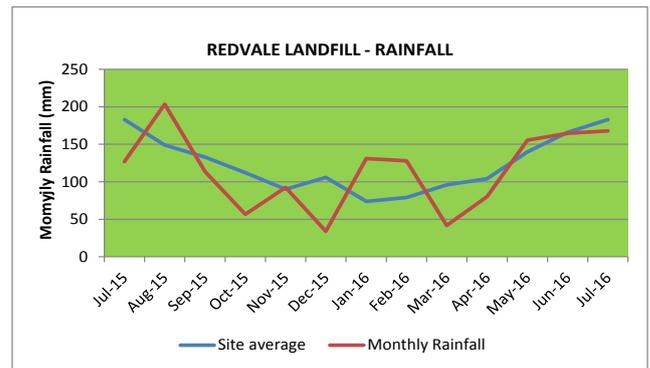

Currently we are working one tip face but with soil jobs continuing through the winter months we are establishing a second area where we hope to place the soils. This will also free up an area for us to finish the new access road we started at the end of summer.

Our engineering group are currently planning for next construction season which will kick off in September this year, with further work being carried out in the western property. The same team are also looking at new technologies for the upgrade and replacement of our Leachate Evaporator along with assisting operations with updating and amending our Site Management Plan ready for our new consent conditions.

Renovations continue at the stables and trotting track with new fencing being installed around the paddocks.

Currently we have vacancies for experienced equipment operators, gas technicians, and as a company we are on the lookout for good drivers (class 4 and 5) for our Auckland municipal and commercial collections teams. Anyone interested to find out more please drop by or phone into Michelle at reception.

Robert Bailey, Operations Manager – Redvale Landfill

FREEMASONS
of New Zealand

LODGE ALBANY TAKAPUNA NO. 202

Albany will join Takapuna to become Lodge Albany Takapuna No 202 from the last meeting on 18th August. Albany met at the Dairy Flat Hall from its formation in 1974 until moving to the new North Shore Masonic Centre in Albany in 2002 but still kept a strong attachment with Dairy Flat. That will continue! Meetings will still be on 4th Thursday of the month at 7:30pm NSMC, William Laurie Place, Albany. Old and new members welcome.

Contact Peter Colebourne 426 9261.

Community Liaison Chairman's Comment

The Winter weather is certainly with us and we are all feeling water logged at the moment. Happily Spring is not too far away and we can look forward to dryer warmer conditions and less mud. Operations at Redvale will have been difficult at times and the new/additional wheel wash must have been working overtime.

This will be my last contribution to the Dairy Flat Newsletter. I have a looming conflict of interest which will see me standing down as Chairman of the CLC, and also as a Committee Member of the CLC.

I have found my time on the CLC to be interesting, at times challenging, and have enjoyed the opportunity to engage with the Dairy Flat community. I will be sad to leave that behind. My departure will see room for a "fresh face(s)" on the CLC and I encourage anyone out there with an interest in the Community in general, and the Landfill in particular, to step forward and make that interest known.

Any interest should be expressed to Michelle Kennedy (CLC Secretary) at Waste Management by email on MKennedy@wastemanagement.co.nz

Dairy Flat Keas

Last term we finished with a sleepover at the hall, joining up with Taiaotea keas. We even had a traditional campfire and some baby lambs visiting which everyone loved.

This term sees us at Red Beach cleaning up for Keep NZ Beautiful. I was really impressed with the hardy keas who kept on working through strong wind and very cold rain! We are doing our helpful kea badge, Fathers Day activity, bit of music, bit of craft and ending with a roar at a sleepover at the zoo.

Jenny

Diary Flat Air Scouts

With Cubs and Keas steadily growing we are looking for leaders to join this wonderful organisation in order to keep it going.

Many hands make light work and we are a community based organisation.

There are great supports for parents who love to be involved with their kids and other kids alike.

We run sessions on Tuesday from 4.30 to 5.30 for Kea's (6 - 8/9 years) and Cubs 6 - 7.30 pm (8/9 to 10/11 years)

If you are interested in knowing more contact

Jo Saunderson, joanne.saunderson@gmail.com or 021 119 1211

Dairy Flat Community Hall Association (Inc)

Postal address: P.O.Box 300-123 Albany Auckland

Address Hall: Cnr. Postman Road

State Highway 17 Dairy Flat

E-mail : info@DairyFlatLive.com

The Hall is still owned by the Community, so that is you.

The Committee signed a new lease with the Auckland Council last year for the use of the land under and around the Hall for the next 20 years.

If you would like to organise something in the Hall, classes, etc. please contact us and we will support you.

Did you know that the best R & B and R & R music in Auckland is played here in the Dairy Flat Hall? By coming along to these nights you will not only have a good time, but support your Community Hall at the same time.

Hall bookings: info@DairyFlatLive.com

Live bands most Friday: 1st Friday of the month
Rhythm & Blues

2nd, 3rd and 4th Friday Rock & Roll

Info: www.DairyFlatLive.com

The Proposed Auckland Unitary Plan – August 2016

While much is happening within Auckland Council at present, it is the UNITARY PLAN (UP) which is taking centre stage.

UP will become the rule book for the whole of the Auckland region for the next 30 years at least. This document will determine what you can do on your land.

This new plan for Auckland has to pass through a strict judicial process of Hearings, consultation, debate before final ratification by the Governing body of Auckland Council (i.e. elected Councillors). We are presently passing through this latter stage at present. These Hearings have been chaired by Judge David Kirkpatrick after 13,000 submitters and 249 days of Hearings.

In light of this event, I thought it might be timely for readers to consider the current findings of the group of Independent Hearing Commissioners. Remember the proposed Unitary Plan has taken several years to compile after a very exhausting and lengthy Hearings process.

Here is a list of over-riding principles which the Panel has recommended.

1. Provide a more integrated and coherent strategy for management of the region's resources.
2. Focus urban growth on centers, transport nodes and corridors to achieve a quality compact urban form.
3. Retain the Rural Urban Boundary but expand it to include 30 percent more land and enable it to be changed by private plan changes.
4. Enable a development pattern to meet demand for the next 30 years and double the feasible enabled residential capacity to exceed 400,000 dwellings.
5. Ensure sufficient capacity for the next seven years.
6. Delete provisions for framework plans and enable comprehensive consenting processes for subdivision, including earthworks and provision of infrastructure.
7. Remove density controls in residential zones.
8. Provide for affordable housing choice with a mix of dwelling types, adaptation of existing housing stock and doubling of enabled supply.
9. Protect historic heritage places and retain special character areas.
10. Use the statutory notification provisions in the Resource Management Act 1991 as the standard tests.
11. Enable rural production activities and rural subdivision that supports rural production and the protection of biodiversity values.

12. Protect air, land, water and ecosystem resources from the adverse effects of population growth.
13. Do not use plan methods (zones, overlays and Auckland-wide provisions) to duplicate controls.

Given the demand for new housing in Auckland and including what is anticipated in rural zones such as Dairy Flat and Coatesville and Wainui, the Panel have recommended 14,000 additional dwelling capacity, that this be achieved by Panel recommending.

- Increase in spatial application of Countryside Living zone:
 - Kumeu
 - Coatesville
 - Dairy Flat
 - Warkworth
 - Riverhead
- Increase the spatial application of some Rural and Coastal Settlement zones and include new areas.
 - Puhoi
 - Clevedon Waterways
 - Clevedon Village
 - Karaka North
- More permissive rural subdivision provisions
 - Emphasis moved from protecting all Rural Land for rural production activities to only elite land.
 - Prime land protected 'where practicable'.
 - Policy provisions for ecological and biodiversity strengthened.
 - New subdivision opportunity through revegetation planting of any land (5ha – 1 site, 10ha = 2 sites) can be in situ or transferred to Countryside Living zone.
 - Reduction in the size of area of vegetation (SEA or other) required to be protected in exchange for additional subdivision rights.
- Rural Urban Boundary retained but can be amended through private plan changes.
- No Rural Urban Boundary around rural or coastal settlements or on Waiheke Island.
- Future Urban zone can be applied outside the Rural Urban Boundary through a plan change.
- Policy that enables new towns and villages outside the Rural Urban Boundary through a plan change.

I trust this brief 'snap shot' gives you some overview of the proposed Unitary Plan. More information can be obtained directly from the Council's own site and search aucklandcouncil.govt.nz.

John McLean
Elected Member, Rodney Local Board
Auckland Council.

Dairy Flat School

We have had a great term 2. The STEAM (Science, Technology, Engineering, Arts and Mathematics) focus provided many exciting opportunities for students to experiment and make discoveries. The learning was exciting and fun. We are looking forward to term 3. The theme this term is 'Around the World' with Olympics and the Production being featured.

Mid-year reports were sent home at the end of last term. It was great to see all our parents at the 'Sharing the Learning' meetings. The students really enjoyed being able to share their achievements and their learning journey going forward with their parents and caregivers. Thank you to the teachers and students for all their hard work as well the parents for their support.

This term we have two staff changes. Lenora Skinner has taught at Dairy Flat School for over 10 years in year 5-6 and recently in year 3-4 (LZ2) as team leader. She has supported the development of our Kapa haka group and this has grown to a group of almost 100 students who are enthusiastic participants. She has also led our peer mediator group. We will miss Lenora and wish her all the best for the future. Lenora is moving to a new role at Beach Haven School.

We also say good-bye to Alison Easterby, our ESOL teacher, who is moving to Australia.

We have welcomed Kyle Port to the staff. Mr Port will be teaching in and leading the LZ2 Team. We have also employed a new ESOL teacher, Ashley Kilim.

BUS

Ritchies has asked us to remind parents that their policy is that no child is left at a stop without a parent in attendance. This is a health and safety issue. Students cannot be dropped at the Dairy Flat Shops, opposite Caltex, due to safety concerns and will be returned to school if not met by a parent.

We are excited about our production this year - 'The Button Box' and hope you can all come and enjoy the show.

2016 YEAR DATES

Term 3 25th July - 23rd September
Term 4 10th October - 16th December
Labour Day - 24th October

Debbie Marshall

Greenpark Preschool

We have had a busy term focusing on recycling. We asked our families to bring us items they would normally put in their recycle bin. The children had endless fun creating art-work out of these items.

Each teacher promoted different projects such as: restyled milk bottle planters, fairy houses, bird feeders, milk bottle fish, yoghurt pot people and wind sock tins to name just a few of the ideas. With the aid of hot glue guns and a lot of imagination the children created a 'Recycled Art Exhibition'.

We invited our families to join us for a special mat-time. The children put on a show, acting out a favourite book "Michael Recycle" in which Super Hero Michael Recycle cleans up a town and saves the Planet. Michael Recycle returned to celebrate with all the people of the town once they had cleaned it up. The children did very well - and have definitely learnt all about the purpose of recycling.

The parents had a great morning with us admiring their children's art-work and having a shared morning tea with a banana cake the children had made and some planet earth biscuits.

We have been encouraging 'Te Reo' throughout our day at preschool. Reading books about Matariki - the Maori New Year and teaching language through song at mat-times. Embracing Maori language week - we have been teaching the children to count 1-10, name their body parts and describe the weather, this Maori language is all taught through song.

Our B4 5 School Readiness Group has been supporting our children to enjoy a smooth transition to primary school. We play small group games that encourage letter and number recognition, matching and seriation. These organised games all include team work, communication, co-operation and turn taking. All skills that are helpful at school.

We have had a very successful term, welcoming new children and fare-welling our five year olds who have gone off to primary school.

For more information check our website - www.greenpark.net.nz
Or phone 09 4263342

Regards,
Mel and the Greenpark Team

Silverdale Squash Club

Silverdale Squash Club is a great venue to meet other socially minded people (and a few even play squash well). If you have never tried squash – it's a great way to keep fit over winter without getting brain numbed at the gym!

We have several Interclub squash teams and we have teams to suit all abilities – men and women and several mixed Masters Teams (the oldest is over 70 so clearly you are never too old to enjoy squash!) We also have a Masters tournament on the 25-27 August

For juniors, we have started a kids' club night on Wednesdays 4.45 – 6.15. Come and try it out! Also tuition is still being run by the club's coach – so if anyone under 16 is interested, email the club at tonyforde@hotmail.co.nz or see our Facebook page.

For those who want to get seriously fit and really improve their squash, our coach Shelley Kitchen (ex New Zealand Number 1) is running coaching sessions throughout the week. The only question is how can someone who makes you work so hard, be so nice!

We are always looking for new members – new to the game or experienced. Come along to Club Night on Thursday evenings 7pm onwards and give it a go.

For more information, contact the club president Tony Forde at tonyforde@hotmail.co.nz

Silverdale Pony Club

We are all ready for the start of the 2016/2017 season. We have a great line up of coaches and a fun season planned for our members. The exciting news for this year is we will be holding our first ODE (One Day Event) on our new Cross Country course, and in addition to this the dates for our famous fundays are also now set.

This year also sees the return of our successful RIDERS WITHOUT HORSES 10 week programme. The programme is for everyone because you don't need a horse or the equipment to ride. You just need to be interested in horses and want to learn more. This is a fun hands on course, learning all about horses and starts on the 18th October. For more information check out our website www.silverdaleponyclub.com, or call Angela 021 414 371.

Event dates:

27th November FUNDAY
19th March ODE
30th March Practice Cross Country
9th April FUNDAY

Fitness League n.z.

Our classes are perfect for the fit or not so fit, as everyone works at their own level and capability. The main thing is that we all enjoy moving to the music.

We will sometimes work with apparatus, such as chi balls, hoops or resistance bands, to encourage more stretch, or just to add some variety .

Exercises to increase joint mobility, gently stretch muscles, improve co-ordination and balance, and encourage correct posture, are all included in the hour long class.

Classes can be found at the Silverdale Hall on Mondays at 10am, and at the Albany Hall on Wednesdays at 9 30 am

You can call me on 09 424 0402 or email olivem@clear.net.nz or simply turn up for a complimentary class.

Olive Morrison

Waitoki Plants

Bit wet isn't it.

Boy am I pleased the lambs can curl up to a fence backed by vegetation. Rain is one thing but mixed with wind and it's a recipe for hyperthermia for little bodies new to the world.

Flax gives great low ground shelter, as do Oioi those trendy rushes appearing in new subdivisions and road lay outs. It doesn't take much height to shelter a lamb or calf, squat out in the paddock and you will see what I mean, neighbors' might look at you sideways but hey you'll be better informed about your paddocks and why the animals rest where they do.

I've a small temporary pen around a small shelter for those animals that need checking regularly for a short period of time and that is sheltered with a low Corokia hedge, and tucked below a general planting of kowhai, mahoe and pittosporum that shelters the drive and house on the other side, upright Rosemary works well too, with added health benefits and who doesn't like rosemary with their lamb?

Off to light my fire; home grown wood of Olearia splits extremely well when green and quite hot when well dry, peach, manuka and a hint of tarata.

Keep warm if you can't be dry and keep up the Vitamin C.

Any further inquiries you can contact me:

The Waitoki Knit In, Spin In, Come In; June 2016 put on by the Northland Auckland Branch of the Black and Coloured Sheep Breeders Assn and the Waitoki Evening Craft Group.

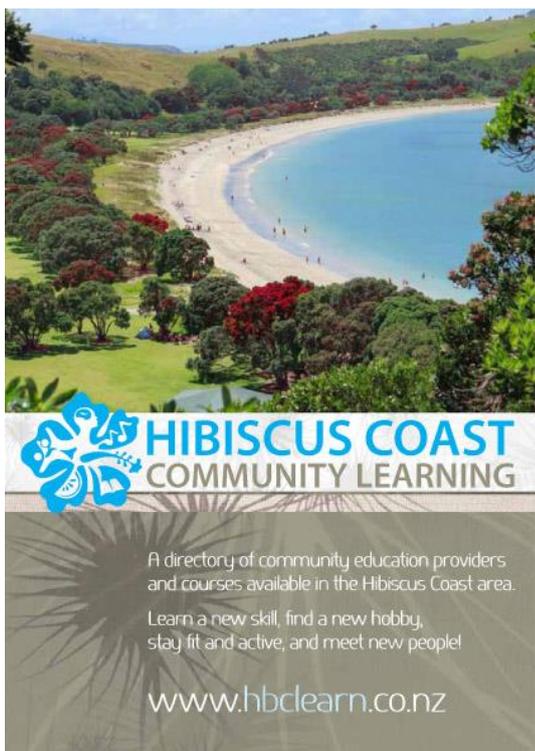

The Northland Auckland Black & Coloured Sheep Breeders and the Waitoki Evening Craft Group put on a day of displays and demonstrations showing the versatility of wool. With incredibly simple, inexpensive and effective ideas right through to elaborate fashion garments.

This is the fifth year this event has been run with collaboration between the two groups, the craft group having run at least one prior to these. It provides a chance for group members to display their work, all created locally and in many cases from wool produced in the neighbourhood, and we with Sheep to show case our fleeces and introduce them to old and new crafters. Given the craft activities earlier in the year it was decided to hold the day late June giving us the opportunity to have a mid-winter Christmas theme, with the added bonus that visitors could take away ideas to implement for Christmas in December.

Workshops were held to help with spinning, knitting, crocheting, felting, dying, needle work, wool and fleece. As well as talking to crafters about wool, its characteristics and suitability to a variety of end uses. It was great to see parents supporting their young folk, even if they were not crafters themselves, looking for assistance, tips, fibre and fellowship.

It was a fun day for visitors and group members alike.

Community Learning Directory available.

A Community Learning Directory for the Hibiscus Coast and surrounding communities has been produced to make it easier for people to find out what learning opportunities are on offer in our area.

There are over 140 tutors offering around 180 courses. The section headings are: Art and Craft, Business and Finance, Computing, Food and Cooking, Fitness and Recreation, Music and Dance, Language and Travel, Personal Development as well as a large section for Children and Teens.

Copies are available in the Dairy Flat store, the Orewa and Whangaparaoa libraries and the Citizens Advice Bureau in Orewa.

You can also view the booklet by going to the website www.hbclearn.co.nz and clicking on the book cover.

If you are a tutor or know of someone who tutors who would like to be included in the Directory, complete the simple form under 'tutors' on the website. This is a free service for tutors.
