REDDALE LANDFILL COMMUNITY LIAISON COMMITTEE

Current members are:

Mike Kunzli ----- Chairman & Resident Liaison Officer
John McLean ----- AC
Nigel Donovan ----- AC
Bob Gibbs ----- Local Resident
Bill Earwaker ----- Local Resident
Richard Croker ----- Local Resident
Kirk Storie ----- Local Resident
Stephen Walker ----- Local Resident
David Hardy ----- NHTCC
Mark Drury ----- Peer Review Panel
Martin Bradshaw ----- DF Primary School BOT
Debbie Marshall ----- DF Primary School Principal
Chris Wills ----- Waste Management
Andy Vosper ----- Waste Management
Rob Bailey ----- Waste Management
Michelle Kennedy ----- Waste Management

The Committee's role is to allow issues and concerns relating to the operation of the landfill to be debated and negotiated. Should you have any questions or concerns regarding Redvale Landfill please contact Andy Vosper on 09 427 0600 or your nearest Liaison Committee member.

Members were elected to the Committee by the community or have been appointed to represent particular interest groups. **Minutes of the meetings are available for perusal at the Waste Management NZ Ltd office.** Any member of the public is able to attend and be heard at these meetings as long as prior notice is given to the Committee.

History of Dairy Flat

The research for the Oral History / History of Dairy Flat is progressing well. Lynette Third the researcher & author is still keen to hear from anyone who has stories, anecdotes about the area - recent, older, interesting, funny or otherwise.

In particular she would like to interview or hear from people who were some of the earlier 10 acre "blockers" of the 1970's & 80's. Why did you move to Dairy Flat, what it was like, developments, community involvement etc. It's so important to have a record of everyday life.

If you could contact Lynette Third would be much appreciated.

Ph: 09 420 4910 Mobile: 021 786 325

DAIRY FLAT COMMUNITY TRUST

Current Trustees are:

- Ken Stirling
- John Knowles
- Julie Earwaker
- Greg Taylor
- Graeme Stubbing
- Steven Earwaker
- Andy Vosper
- Michelle Kennedy

The Dairy Flat Community Trust is a charitable Trust to administer and distribute monies provided for the Community of Dairy Flat by Waste Management NZ Ltd.

Please see our Trust website:

www.dairyflatcommunitytrust.co.nz

Should you have any questions concerning the Trust, please contact:

Chairperson - Greg Taylor Ph: 415 6643 or 426 0606

Secretary/Treasurer - Michelle Kennedy Ph: 427 0600

We seem to be finally heading for the summer, barbeques at the ready, although the recent cold, wind and rain would suggest not quite there yet! In mid-October we are holding a pink staff breakfast barbeque to raise money for the Breast Cancer campaign, part of the company's annual fund raising drive carried out up and down the country. A big positive shout out of support to all those touched in some way.

In late September we held a community tree and shrub planting day on the landform north of the landfill footprint as part of a community project with Dairy Flat Primary School, which was well attended by parents, teachers and children, and in October we participated in the annual Dairy Flat Agriculture Day held at the school, which was a great family day out, with tremendous community support.

October brings the commencement of the annual earthworks season, for the cell and liner construction. The earthworks this year are small in comparison to the last two seasons, and are expected to be complete by February, subject to suitable weather.

Landfilling has been focused in the central and northern areas, at the RL90 level. Road, drainage and screening works are in progress for filling at RL100. A new fence line for odour control has been placed along pond 4 located adjacent to Horseshoe Bush Road, and a new mobile odour suppression unit has also been commissioned, specifically to help combat tip face odours.

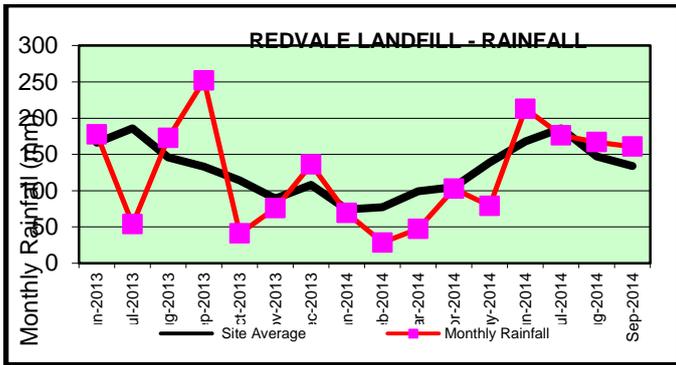

There are some additional projects being undertaken on site which include a review of noise reduction measures associated with the Energy Park generators and blowers, refurbishment of Flare #1, and G1 generator, as well as planning for additional road paving and the installation of a second wheel wash system within the landfill footprint.

The Hearing for the consent renewal was adjourned in July, with supplementary evidence submitted and reviewed in August and September. The Hearing was officially closed on 16th October. The independent Board of Commissioners are now preparing their decision, which is expected to be announced sometime in November.

The newsletter survey results are in, and the area of most interest was the Business Directory. Opinions were split on whether paper post or web based delivery was preferred, and so for now the hard copy version will continue, as well as a new web based delivery. Thanks to all those who participated in the survey.

Wishing you all the best for the up and coming festive season.

Andy Vosper, Regional Manager – Redvale Landfill

Redvale Landfill Tree Planting Day with Dairy Flat School

Redvale Team at the Dairy Flat School Agriculture Day

Getting some runs on the Board

Auckland Council is required by law to consult publicly on important decisions which affect you and I and which affect the planning of Auckland's future. It does this by a hierarchy of Planning Documents which include:

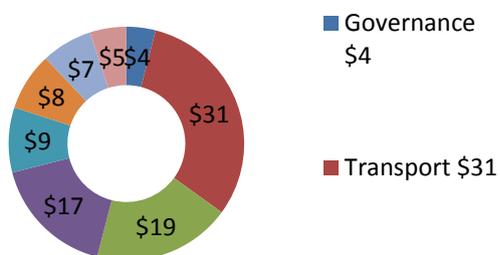

- The Auckland Plan (a 30 year vision and strategy for Auckland).
- The Long Term Plan (a 10 year Plan and budget which is reset every 3 years to coincide with nearly the triennial election cycle).
- Annual Plan.
- The Unitary Plan (still being formulated) and this will become the "rule book" for land development and Auckland's natural environment.

Rodney Local Board (RLB) is presently finalizing its Plan for the next 3 years, and this will form part of Auckland's Long Term Plan. RLB are seeking more results on the ground and less bureaucracy in Council, yet we are still bound by these statutory planning documents.

In rural Dairy Flat we continue to push for roading improvements and greater connectivity with Auckland. The next time you travel along the Dairy Flat Highway you will notice the improvements at bus stops and new public shelters, speed reduction measures at Dairy Flat school and greater road maintenance. A new bus stop in front of Dairy Flat school needs a footpath linking it to the school. On another front, we are presently seeing the finalization of a long term lease of Dairy Flat Hall (Community owned), on Council land. It has been long overdue, but this will give our local residents security of tenure and long term planning.

I often hear that we are poorly served in the country by Auckland rates. Rural Rodney has witnessed a rates reduction over the last term of Council and now Auckland is attempting to hold an average rate increase to 2.5% p.a. In general terms this is how your rates are being applied throughout Auckland.

An indication of how each \$100 of rates is spent

With the approach of Christmas and the summer weather, be aware that Harbourmaster staff will be visiting boat ramps and jetties in Auckland to check an adherence to the new Navigation Safety bylaw which comes into effect on the 27th October 2014. This is to ensure:

- Every vessel must have a suitable lifejacket for everyone on board. If the boat is 6m long or

smaller, everyone must wear their lifejacket, unless the Skipper says it is safe to remove it.

- You also need to be able to contact someone on shore, so carry a VHF radio, mobile phone, distress beacon or flares on board.
- The Skipper remains in charge.

We wish you a relaxing safe holiday this Christmas.

Dairy Flat Cubs

Dairy Flat Air Scouts

During term 3 we went to Mangawhai for a camp with Taiaroa Cubs and it was wonderful. Huge long waterslide and flying fox, did the awesome coastal walk and went cooking outdoors, ending with a fear factor challenge which had cubs eating 'weevils' and 'guts'.

We ended the term with some community service which was planting trees at the landfill which has inspired us to try and grow our own seedlings this term.

The main focus for term 4 is water. We are going to Waiheke to stay in the scout den and go sailing with the Venturers. We are going to do the Puhoi canoe trip. Also some archery at Birkenhead leisure, sing at an Orewa Resthome, do our athletics badges, commemorate Armistice day and Guy Fawkes and finish up with a party at the end of the term to celebrate a great year.

Dairy Flat School

The Dairy Flat School Year 5/6 Rippa Team won all their games in the Primary School's North Harbour Rippa Tournament semi-finals!!!! They played the final as curtain raiser to the North Harbour vs Hawkes Bay game. Though they did not win they represented themselves and their school well. Congratulations to Mrs Committie and all the team; Fletcher, Cailin, Tim, Xavier, Damon, Coby, Lachlan, Alec, Levi, Jaylen, Emma, Toby, Kane, Izzy and Molly. Thanks to all the parent supporters.

Towards the end of term 3, the students and staff all did their best to make our production, Treasure Island, a great success. The school is now gearing up for our next major event - Agriculture Day. This will be an exciting day with heaps of fabulous food, amazing auction items, lots of stalls and all the animals. We believe that this as much a community event as a school event and we have always been thrilled to see past families at this special day.

Term 4 is a time for reflection and celebration of all the fabulous learning that we have done during the year. We still have some exciting things happening as well. We will have a skating rink temporarily installed in our gym (27-29 November) and there will be opportunity for community members to 'have a go'.

Graham Lowe has generously offered to host a fundraising cocktail event for Dairy Flat School on Thursday 13th November at QBE, North Harbour Stadium. He will be speaking about his core principles and philosophy which have guided his successes. The tickets are \$90 and will include entry, canapés, and complimentary drinks as well as 'words of wisdom' from Lowie. We are excited about this opportunity and hope the community will support this venture. Tickets are on sale at the school or through the website.

Greenpark Preschool

Term 3 – 2014

We have had a very busy time in the art room this term as we will contribute to Ag Day at Dairy Flat School – the theme of Ag Day is Pirates and Mermaids. This Treasure Island theme promoted group projects such as a treasure chest full of treasure, a pirate ship, palm trees, the ocean including waves. Most important were the pirates and mermaids to complete the display. We had great fun creating this wonderful display using our imaginations. This art work will be on display in room 4 at Dairy Flat School on Ag Day which is Saturday 18th October from 8.30 am – 2pm. Every child at Greenpark has contributed individually to this special day.

We had a bus trip to the school to attend the dress rehearsal of 'Treasure Island' their production – our children are always excited to see the ex-pupils of Greenpark on stage, their friends who have already moved on to 'Big School' – this is an important link for their transition to school – making them familiar with special occasions that will take place during their school year. We had a shared mat time for both the older and younger sessions. This is when parents and siblings are invited to be entertained by their/our children – and share a special morning tea as a social event, giving parents the opportunity to get to know one another. We sang the 'gumboot song' in the older session and we set up gumboot games outdoors such as Toss the Gumboot, Gumboot Golf and Gumboot Running Races. We went on a lion hunt in the younger session. The Mums and Dads joined in with Tofa-Tafa. We also sang the tickling rain song. These days were both a great success.

We had a visit from the Silverdale Fire-fighters. They brought in firemen dress-ups for us to try on. We had a competition to see who could put on the clothes the quickest. Then we each had a turn to squirt water with the big water hose that is attached to the fire-truck – after they had left we drew pictures of this special visit and we made a card to thank them for coming out to visit us at Greenpark.

One of our Dads brought in his Rally car to show the children – we lifted the bonnet and all had a good look at the engine – we asked lots of questions. What a great experience for the children who had a turn to sit inside the car to check on the roll-bars for safety. They are always safety conscious.

For further information take a look at our website - www.greenpark.net.nz

Dairy Flat Tennis Club

We are underway now with Spring showers fading away and plenty of on court time for club members. Our enrolments worked out about the same as last season however a regular churn of families leaving the district and those coming into replace them means new faces as well as older ones make up club membership again this year. More than usual seem to be coming on board as players new to the game or polishing a bit of rust off their racquets before showing us their skills of the past. It is also a measure of us trying to encourage people who may otherwise have been a bit nervous about fronting up and being shown up by the "Wimbledon stars" that they fear might be lurking on our courts. So we have 11 teams now (3 more than last year) playing in our Social grade Club competition on Monday nights starting 6pm. Our more Competitive Club night on Tuesdays has shrunk to 6 teams so Andrew as organiser has lost hair and sleep trying to make it all work on 4 courts. Nothing like a challenge.

Juniors have also turned up in good numbers and we are looking at more teams entered in their interclub competition than last year which is a healthy sign and thanks to Kathryn taking over the role of organiser from Vanessa who has done such a good job of looking after this section of the club for a good number of years.

With the primary age children we have them underway however the wet Saturdays of September and the school holidays to follow make it a stuttering start till after labour weekend. With Blair and Vanya's enthusiasm coupled with our qualified coach Damir's expert guidance we find that as their confidence grows they blossom into budding young stars quicker than you might think.

At Men's senior level we have still got two interclub teams in the same grades as last year although we are relying on the strong juniors raised through the clubs coaching to now support some older seniors starting to feel the pinch at times.

Woman's seniors have two singles interclub teams along with a doubles team and the two lower teams are away to a strong start. The Ladies midweek competition has also started strongly with 4 teams playing in the regular competition and two more in the social comp.....Ladies well organised and showing great enthusiasm.

Dairy Flat club offers 4 excellently surfaced astrograss courts all with lights. We now have a ball machine which full club members buying a clubhouse key can use at anytime when courts are free to help lift their game. Reason it is such a friendly club I realise is that the subs are so low. What are you waiting for.....further information and contacts in free flyers available at clubhouse door.

Waitoki, RD1 Kaukapakapa 0871

A Fragrant Walk

Let's go for an evening stroll when bush fragrances are at their best: starting at the beach, through the scrub behind the foreshore, up the steep ridges and into the older growth bush to enjoy the fragrances to be found in our natural environments. Wash off the perfume and after shave to enjoy a variety of smells that with a little geographical license and imagination are free to be enjoyed; sorry no smoking either.

The West coast; that lovely smell of salt water on the air, exposed and a little cold so we'll move into a secluded estuary, this little spot has Mangrove in flower, generally a summer phenomena, with a lovely soft smell of port wine. Scramble up the bank here into the fringe of scratchy scrub, only some of this is Manuka, *Olearia solandrii* grows here (Kaukapakapa and Puhoi Rivers, where the river is tidal). This shrub has a yellow tinge and flowers spring and autumn, releasing a lovely vanilla smell. *Plagianthus divaricatus*, Coastal ribbon wood, is found alongside, the flower has a very soft subtle smell.

Let's walk up beyond the shore and follow a typical coastal ridge, which means having to puff a bit so it's a good idea to pause as you pass the Flax, very subtle but beautiful, then when it's very steep your nose may be in close proximity to the Cabbage tree flowers, a wonderful sweet fragrance that you'll notice is much enjoyed by bees. These dry ridges are also home to the Corokia's buddleoides and cotoneaster, both with yellow flowers giving off a lovely smell of coconut. Now cast your eyes down after you've scanned the view of the sea from the top of the cliff and about knee height you may find a native *Daphne*, *Pimelia longifolia*, narrow foliage with small pompom flowers and a soft scent. Somewhere round here we should find some plants of mairehau, *Leionema* (*Phebalium*) *nudum*, the flowers have a soft soapy odour but the foliage when crushed has a sharp citrus smell, take care though as it can produce a reaction in some when rubbed on the skin.

The bush is getting taller; look up to the canopy, can you see the display of white small daisy flowers of the *Olearia rani*, move around and the lovely sweet smell will drift down to you. As we walk along that musty smell of the bush gets stronger, this will be the Hangehange, that bright green foliaged shrub whose fragrance epitomizes the smell of the NZ bush in spring for me. An almost not quite pleasant smell but so full of associations I love it! We've come to a clearing where the bush margin is made up of Hangehange, Manuka, and Mahoe. The Mahoe branches hang low; spring and summer the branches have hundreds of tiny lime green flowers along them giving off a very sweet, strong smell. Now we're passing through a grove of Kauri Rickers, there's a waft of perfume, a delicate delightful sweet almost edible smell. It's elusive, but follow it through the trees and you should find a shrub with small bell shaped flowers white, pink, or dark red that ooze this wondrous scent. It's aptly named Perfume of the Grove. The smell is divine! (Spring and autumn)

Dropping down into a valley of more mature bush, above us are the majestic Kohekohe, along their trunks are sprays of white flower, great to see, as these perfumed sprays as well as the trees themselves are devastated

when there are possums about. A lovely reward after all the trapping done!

That musty bush smell of the Hangehange bids us farewell as we emerge at the car park to the thermos of hot tea before we make our way home.

Third Friday of the month **Jam/Club night Music Club 7.30-11.30pm**

ODC Rodney Girl Guides

In Term 3, the Dairy Flat Guiding units were placed in recess. After 19 years in the Dairy Flat and Orewa units, it was indeed a very sad time.

Not without trying hard, the Dairy Flat units were unable to increase in size. We increased for a short time, and then one of the girls would leave the area. The remaining girls have transferred to the Orewa units. Any assets that were realised from the Dairy Flat Trust were passed over to the Orewa units of the ODC Rodney District.

Terri has transferred to Albany Brownies which meets every Tuesday night from 5.30 to 7pm. If you are interested in your daughter joining Brownies in Albany, email Terri on sol4bus@xtra.co.nz. Christina transferred to Orewa Brownies.

Whilst there are no longer units active in Girl Guiding in Dairy flat, we still are passionate about Girl Guiding and the opportunities it gives girls.

Silverdale Pony Club

Silverdale Pony Club is the club for you.

We are a fun family orientated club and we pride ourselves in offering good teaching practices and a warm friendly environment.

Our rally nights are at our Green Road grounds on Tuesday nights 5:30pm to 7:30pm during the months of daylight savings.

With our first rally behind us we have a calendar full of great events from fun days through to camps. Our first event is our extremely popular fun day, which is a relaxed day for all levels from kindy ring through to adult ring. These are a not to be missed perfect day to include the whole family. There is plenty of parking and easy viewing for the grandparents along with a BBQ, drinks, home baking, and spot prizes.

The first fun day is on the 23rd Nov, followed by two more in the New Year (11th Jan and the 8th March). We look forward to seeing you there.

For any enquiries, please phone our President Cathy on 09 426 6309

Fitness League n z

Our classes have a break over the Christmas and New Year period, and some of us will end our year by having a day out at Waiheke and spending time with other League members from various centres around Auckland.

We have a combined class with them, and then enjoy the lunch which the Waiheke members will organise, and have a lovely social time together

It is a fun day spending time with other members who we may only see a few times each year.

Each centre will also have our own break-up during December before we finish for the year and have a well earned break.

Silverdale will resume on Monday 26th Jan.2015 and Albany will resume on Wednesday 28th Jan.2015

For further information please call me 09 4240402 or olivem@clear.net nz

Shore House Sitters

Going Away This Summer?

Wondering who will feed the cat, walk the dog, check on the horses, move the sheep...?

Having a house sitter can have many benefits including:

- Happy, stress-free pets, looked after in their own home with all of their usual comforts, cuddles, warmth & walks.
- Secure home, with that lived in look; the lights are on, a car in the drive, washing on the line, the letterbox cleared.
- Keeping it green, your plants and lawns can even enjoy some attention to keep them looking lush.

We are Carrie and Paul, taking pleasure in looking after a variety of families and homes around Auckland for the last 18 months including life style blocks in the Rodney District. Fond of animals, we have been companions for cats, dogs, horses, cows, sheep, goats, chooks and the family gold fish.

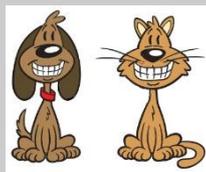

Carrie works part time in Albany whilst Paul is setting up a home based internet business. Together, we work as a team to make sure your place is secure with someone around much of the time whilst your furry family members get all the love and attention they want.

If you're going away call us for a meet & greet, we'd love to meet your family and discuss your needs.

Looking forward to hearing from you soon,

Carrie & Paul
